## COUNCIL TO ASSIST IN VICTORY LOAN DRIVE

Following is a record of the proceedings of the council of the Town of Wainwright at its adjourned statutory meeting in the council chamber at 8 o'clock p.m. on Tuesday, the 17th day of February, A.D. 1942, in pursuance of the motion of adjournment.

The members of council present at this meeting were Mayor Middlemas and Councillors Huntingford, Robinson, Cork, Alderman, and Stafford.

The recorded proceedings of council at its regular meeting of February 3rd, 1942 were read and, on motion by Councillor Huntingford, were adopted and confirmed as written.

The University of Alberta Hospital wrote requesting a reply as to whether the council of the Town of Wainwright has accepted Mr. Charles Johnson as the responsibility of the town in connection with the account of that hospital and whether this town will meet the account for the hospital treatment of this man and, on motion by Councillor Huntingford, it was resolved that council accept no liability in the matter as the said Charles Johnson has never been on relief but is an Old Age Pensioner and therefore not an indigent.

The Wainwright School District wrote requesting an advance on account of their 1942 requisition to the extent of \$1000.00 to meet the February accounts of the district and, on motion by Councillor Huntingford it was unanimously resolved that a cheque, in the amount requested, be issued and charged to the said district on their 1942 requisition.

Mrs. Edna J. Rowe wrote council requesting \$100.00 cash for Lot 40 in Block 4, Plan 6445V, and undertaking to pay the 1941 taxes thereon, if her offer were accepted, and on motion by Councillor Linsmore, it was unanimously resolved that her offer be accepted.

On motion by Councillor Huntingford, it was resolved that the By-Law Committee be instructed to immediately prepare a by-law covering the purchase of Second Victory Loan Bonds in the name of the Town of Wainwright in the amount of \$1000.00.

On motion by Councillor Stafford, it was resolved that By-Law Number 278 be given its third reading at this meeting, that it be assigned its title as in the original motion and that it be finally passed and that the Mayor and Secretary-Treasurer be authorized and instructed to sign the said By-Law and to attach thereto the Corporate Seal of the Town of Wainwright.

By-Law Number 278 was then read the third time and was finally passed. On motion by Councillor Alderman Mr. J. W. Stinson was re-appointed a member of the local board of health for the years 1942, 1943 and 1944. Council was Regularly Adjourned.

### Our Greatest Weapon

When courage sinks and bows grow dim lift up your head and smile. Keep your sense of humor in the real old British style.

Things are never quite so bad as they may seem at first. And somehow we'll get through it all the worst comes to the worst.

It takes a lot of jibes and jabs to make a bulldog fight. But it hangs on to the end when once he gets a bite.

Although to minor pokes and prods we turn a sleepy eye. When once we're roused . . . the breed comes out we never will say die.

We thought we'd done with kit-bags, Tommy Atkins, flags, and guns; We thought we'd fought it out and built a new world for our sons.

But no. They're on the march again the same old enemy, Challenging our very soul—our life and liberty.

But Britain's greatest weapon is the spirit, we possess. The secret of our genius, our story and success.

Is just the odd capacity of ordinary folk. To get on with the job and hide our feelings with a joke.

Cogged from an English Paper. Encourage the British spirit. Buy Victory Bonds.

### Complete Destruction by Early Morn Fire

Shortly after three a.m. on Sunday last, the home of Mr. and Mrs. W. Bolduc, on 28th avenue east, was completely destroyed by a fire which it is thought resulted from an overheated stove.

From information to hand, the occupants of the dwelling saw that everything was left safely about 9 p.m. on Saturday evening, journeying to Chaurin for the week-end, but as stated above the alarm was raised early on Sunday morning and the building was then simply a furnace of fire throughout.

The chemical engine was taken to the blaze, and stood by to protect their buildings if necessary, but as the night was calm and still, nothing else was endangered, and the structure burned itself out entirely.

Some insurance was carried on the contents, but still a great loss in furniture and mementoes was suffered by the owner, as the family of man and wife and one son, had nothing left but what they were wearing. The house which was owned by Mr. Wade, of Calgary, who formerly lived there, was insured.

### SOMETHING TO BE CHEERFUL ABOUT

It is a gratifying indication that Canadians generally, due to the wide spread increase in employment, and industrial payroll at a new high, find themselves able to lay aside a portion of their earnings for future use.

Very wisely they are not spending all they make, and this saving is an essential development in the country's war economy. It requires no gift of prophecy to predict that before this year's end many more tools will be in the hands of the people, and the saving will be amply demonstrated.

## LOCAL FARMER LOSSES FATHER

A pioneer son of the district, Jos. H. Baker, passed away in the Collingwood General and Marine Hospital on Tuesday morning. The deceased was born on the Blaine Line St. Vincent, and was in his 89th year. All his life had been spent in this locality and since 1928 he had made his home in Meaford.

On October 11th 1876, Mr. Baker married Miss Mary Bond, also a daughter of pioneer parents, the late Mr. and Mrs. Hiram Bondy. Mrs. Baker survives her husband and mourns the loss of her life's partner of over sixty-five years.

Until early this year the deceased had been able to be up and around and had been taken to the hospital only five days prior to his death.

Well known in the locality, Mr. Baker possessed the admirable quality of a strict and steadfast adherence to those principles which he believed to be right.

He and his wife, two sons and a daughter survive. They are G. Stanley Baker, of Wainwright, Alberta, who has been visiting his parents since Christmas time; Howard Baker, of Heathcote, and Mrs. Lorne Burnstead of St. Vincent. The oldest son, Frank, passed away in 1910.

There are also three sisters, Mrs. Peter Burnstead, Meaford; Mrs. John Abrams, Rockhaven, Sask.; and Mrs. Bell, Toronto.

The funeral services will be held at the Ferguson Funeral Chapel, on Thursday afternoon, at 2:30 o'clock, at the late residence of the deceased at Lakeview Chapel.

The above report from the "Meaford (Ont.) Express of Feb. 12th notes the death of the father Mr. G. Stan Baker to whom sympathies are being expressed.

## Warns Against Horse Sleeping Sickness

Sleeping sickness in horses caused losses in Alberta last year and this disease may occur in epidemic proportions in 1942. It is impossible to forecast the extent of the outbreak or the areas that may be most seriously affected. Any reduction in horses would be a serious matter when a shortage of gasoline or rubber may cause the use of tractors for farm power.

Agricultural production is an important part of Canada's war effort and horses are necessary to carry on farming operations on the great majority of Alberta farms. Vaccination with chick vaccine is recommended to protect horses against sleeping sickness and this method of prevention is a cheap form of insurance to safeguard farm horses from this disease.

To establish immunity, it is necessary to vaccinate before the outbreak is likely to occur and it is suggested that horse owners should make arrangements to have their horses vaccinated before seeding. Veterinarians and drug stores will be in a position to distribute commercial chick vaccine at a reasonable price and orders should be placed early to ensure that sufficient supplies may be obtained for this province.

The Department of Agriculture recommends vaccination of horses before seeding and warns against the use of anything but chick vaccine prepared by reliable manufacturers and distributed by veterinarians and drug stores.

## IN MEMORIAM

In loving memory of our Dear Mother, Celestia Catherine Elizabeth Howson, who fell asleep February 28th, 1941.

One year has gone dear Mother  
No one knows how much we miss you  
We loved you dearly, Mother  
But Jesus loved you best  
We long to see you Mother dear  
To hear your loving voice  
To feel your touch upon our brow  
The sweetness of your presence  
Your heart of gold, dear Mother  
We miss you so  
But nothing can sever  
The cords of love that bind us  
We know that you rest peacefully  
In that beautiful home above  
Where there is no sorrow  
But all is love.

Sadly missed and ever remembered by her daughters Freda and Joie; also her husband Edward and grandchildren Vivian and Howard.

## Examining Board Here for Postmastership

On Tuesday, Mr. W. Gregory of the post office department with Mr. Mitchell of the Civil Service commission, sat in Wainwright as an examining board to interview applicants for the vacancy of post-master at Wainwright.

In all we learn there are some eleven aspirants to this office, five of them being Great War Veterans. It is not known just when the appointment of the fortunate applicant will be announced.

## WAINWRIGHT BOEN

### HONORED IN STATES

Mr. and Mrs. George Reynolds of town may well feel proud of the achievement of their eldest son, Dr. Lloyd G. Reynolds who has just been appointed Federal district price executive for Pennsylvania, Delaware and Maryland, with offices in Philadelphia. This is a truly responsible office in the newly-formed United States War Production Board and of which the recipient is to be congratulated.

Lloyd, as he was known here in the early days (he was born in Wainwright December 22nd, 1910), has been an associate professor of political economics at John Hopkins University for the past two years, after studying at Alberta university, McGill and Harvard and has made the study of prices and wages his life-long study.

Dr. Reynolds says he will continue to hold his teaching position at Hopkins in an advisory capacity. He is married and has one young son.

## Surprise Shower for Local Bride Elect

On Monday evening at the home of Mrs. W. Huntingford a truly "surprise" miscellaneous shower was held to honor Miss Carleen Brunker, a bride of next month.

Some 20 young people greeted a considerably surprised guest with a "high ball" the gang's all here, following which singing, contests and a quiz filled out a very pleasant evening, prize winners being Misses C. Brunker, D. Johnson, E. Taylor and D. Peacock.

With Miss A. Bengtson playing the Wedding March, Misses I. Dundas and C. Brunker (appropriately dressed as bride and groom of much earlier days) carried in a large basket literally overflowing with gifts for the bride-to-be, who appropriately expressed her thanks as she opened each addition to the "shower".

Mrs. W. Brunker, Miss J. Milton, and Miss G. Brunker assisted the hostess in the serving of delightful lunch, following which the party joined in "She's a Jolly Good Fellow" before dispersing.

## Victory Loan Message by Board of Trade President

To the people of Wainwright and District:

It has always been the policy of the Wainwright and District Board of Trade to support any effort for the benefit of this community and Agricultural interests in particular.

The war has brought about a vast increase in agricultural production to ensure Britain a steady supply of foodstuffs. Hog production has been doubled since before the war, concentrated milk output increased by two-thirds, and egg output has been pushed to high levels. The Dominion will export major group foodstuffs this year to the value of \$180,000,000 as compared with fifty million dollars in the pre-war year.

Products of Canadian factories are being used in every theatre of war. With the exception of planes Canada has been the main source of supply for Britain out of Britain herself. The British armies of the middle East are drawing heavily for supplies from Canada.

Exports to Egypt in 1941 totalled \$79 millions, the bulk of which was for supplies to carry on the Allied offensive in the Libyan desert.

Thus, more than ever, we, the citizens of this district should be determined to do everything possible to see that Canada's production is kept at a high level.

By so doing we have done some of our part in the greatest struggle for Freedom the world has ever known. To that end there is no better way of assisting our Government than by subscribing to the Second Victory Loan.

Yours truly  
W. J. Huntingford  
Pres. Wainwright Board of Trade

## RECRUITING OF ALLIED FORCES IN CANADA

For some time past the Allied Governments of Poland, the Netherlands Belgium and Czechoslovakia, have been calling up their own nationals in Canada for military service. Following enlistment, and in most cases a brief preliminary training period in Canada, groups of recruits have been going forward regularly to the United Kingdom to join the main formations of their own Allied force now on active service overseas.

Up to the present, recruitment in Canada for each of these Allied forces has been restricted to nationals of the Allied country concerned. Canadian nationals and other British subjects have not been eligible to volunteer for enlistment with these Allied forces. From time to time however, individual cases have arisen where naturalized Canadians formerly of Polish, Norwegian, Netherlands Belgium or Czechoslovak nationality have sought to volunteer for active service with the Allied forces of their former country. Further cases have arisen where Canadian nationals of dual nationality, i.e., persons who are both Canadian nationals and nationals of one of these Allied countries, have sought admission to an Allied force.

As a result of a recent decision of the Canadian authorities, however, naturalized Canadians who were formerly nationals of one of these Allied countries, are now permitted, if they so desire to volunteer for service with one of the Allied forces.

It has also been agreed that persons in these two main categories now serving with the Canadian armed forces may be permitted to transfer to one of these Allied forces providing such individuals themselves desire to be transferred, and providing the Commanding Officer of the applicant for transfer agrees that such action will not adversely affect the Canadian war effort.

In future, therefore, such persons, who for personal reasons would prefer to serve with an Allied formation with which they may feel more closely associated, will be eligible to volunteer for active service with one of these Allied formations.

## THE PRESS SPEAKS A JOB TO DO

We in Canada have got to pay and pay. If we stop paying, we shall have to stop arming, and if we have to stop arming, we might as well throw up the sponge. In view of the fact that only two alternatives face us, victory or national debt, we shall have to go on battling and paying. Canadians have a job to do. Thousands of them are doing their job on the battle field, in the air, and on the sea. Hundreds have given their lives for freedom. If those men at Hong Kong were willing to sacrifice their all for their country, what citizen will hold back a few paltry dollars? The 1942 Victory Loan must be a success. — Burlington Gazette.

## GIVE VENT TO YOUR FEELINGS

War as waged by a country like Canada is a strange combination of soft-heartedness, steady determination and a false feeling of frustration.

We read about and reflect on Nazi atrocities. The Huns bomb old ladies and little children out of cities into the highways in order to choke the roads and impede the military movements of their enemies. Nazi and Japs seize innocent people as hostages and shoot them down when their fellow countrymen dare to oppose Nazi oppression.

These inhuman acts stoken us. Loving peace, we grow tender as we realize that but for geographical reasons, Canadian mothers and Canadian children might be similar victims of these bestial races.

Out of that softness of heart rises a great personal urge to stamp out these tyrants—to make the whole world free for decent human beings.

And then comes the moment when some in Canada feel frustrated.

That shouldn't be. Those of us left back in Canada can fling our dollars into the war effort with as much vigor as Canadian soldiers and airmen apply to the battle front.

And those dollars are as important as the operations of the military forces overseas. Every dollar subscribed to the Victory Loan means another step forward towards the end of brutal tyranny.

Fight with your dollars as the Canadian boys fight with their machine guns. Don't hold back your fire.

## South Africa's Sheep Give Lifeboat Gloves

The skins of South African sheep are today helping to save the lives of shipwrecked British sailors.

Sheepskin gloves, large and warm are now included in a lifeboat's equipment. Two and a half pairs of them are made from each sheepskin and big quantities are being turned out by the makers.

They are also producing a great number of other types of gloves, mostly for the Royal Air Force, not to mention leather flying helmets at the rate of a thousand a week.

The Army is getting from them gloves of ample size for protecting men at bayonet practice and they are also distributing quantities of boxing gloves to the Forces generally.

Not an hour to lose. Buy Victory Bonds.

## LET'S BE MORE

### ENTHUSIASTIC

Every once in a while, some of us look over the Canadian scene and experience a feeling that we are too tightly laced. Some of us are so bound up by decorum, ideas of dignity, by reserve, and by timidity, that we haven't breath enough to run, laugh or cheer.

Spontaneous enthusiasm does not spring from such tightly-bound people.

Few would recommend that Canadians become mercurial. — Hot one minute and cold the next. But few on the other hand, would relish the prospect in which citizens of the Dominion become so reserved that they earned the right to call stolid.

When Canadian boys are banded in to a huge military force, they very quickly leave behind all the inhibitions of their civilian lives. One soldier doesn't hesitate to speak to another, even if he be a total stranger. Strangers and friends join in impromptu entertainment; and when their training period is over, they rush into battle with enthusiasm which has been engineered by a total lack of reserve.

Great benefit would accrue to the Second Victory Loan Campaign if throughout all Canada people deliberately set out to acquire enthusiasm. If people would make the Victory Loan the subject of bright conversation in trains, buses and street cars; if people would unloosen their girdles of reserve at public meetings and in the movie shows and let out some hearty cheers; and if people would go out of their way to praise and applaud the hundreds of men and women who are giving up their own time to put the loan over, we might be surprised at the astonishing effect it would have on the final returns announced at Ottawa.

## 2-DIAL REVIEW

### TALKYHO!

The exciting item of the week was seeing and hearing Ian Hunter, noted stage and screen star, who came up to the studio to say hello to C.J.C.A.'s radio audience. Mr. Hunter is a strapping huge fellow with a California sunburn and a marvelous British manner of speech our idea of the perfect gentleman. And he's just one of the many people who are working for the success of the Victory Loan Campaign which has been such a bang-up affair so far. But it's going to take a lot of just such heroes to make one big enough to sound effective to the enemy—and we're the ones to do it!

And now you're spending all your money on bonds, don't forget the \$21 to the FEDERAL LEADER show is giving away for 1000 words or less written on the life of Winston Churchill. But listen for full details on C.J.C.A. Mondays, Wednesdays, and Fridays at 6:15 p.m. The entries must be accompanied by an official entry form or a Weston signature from any of their packages. So why not sharpen your pencil? Someone has to win.

### FOR YOUR NOTEBOOK

### THE ALDRICH FAMILY

The Aldrich Family, one of radio's youngest among top-ranking shows has been named the outstanding commercial radio program in the Annual Advertising Awards just announced, thus succeeding to an honor held in recent years by Jack Benny, Information Please, and Fibber McGee and Molly. A jury composed of the leading advertising men from the networks and agencies decided the awards.

### THRU THE MILLS

Billy Mills (Fibber McGee and Molly at 7:30 Tuesdays) has given the downtown for more than 10,000 radio programs since he first took the air in 1923. He has been with the McGees four years alone. Not long ago in Chicago Billy conducted and supervised more than 25 programs a week—and that takes some conducting!

## WORLD'S WEEK

BY HAROLD L. WEIR

Associate Editor of the "Edmonton Bulletin" and author of the daily column "From the News"

Harold L. Weir might hope to consolidate their conquests which at present string out nearly 3,000 miles from Tokyo.

The opening of the acute phase of the battle of Rangoon was foreseen by the British command if or, whenever, Singapore should be compelled to surrender.

Consequently, the British, Indian and Chinese forces in Burma are prepared to face the intensified struggle now directly ahead having the knowledge that tough days must be expected but that Burma's defenses have been built up considerably during the past six weeks.

The arrival of large numbers of Chinese troops further north has unquestionably improved the prospects of resistance and increased British and Indian contingents are available along the key southern front.

Since Rangoon may become the focus of much heavier thrusts overland toward the Sittoung river and also by air, its routine is being adjusted to these conditions—that is war and defense necessities will hereafter dominate the city's functions.

Already the majority of non-essential shops and other business activities have closed down and a very considerable evacuation of women and children achieved.

If this is now carried still further it will simply be in order to clear the ground for determined resistance throughout the southern Burma area which Lt. Gen. T. J. Hutton, commander in Burma, and his staff have planned.

Thus, Burma's defenders, those who will do the most to preserve Rangoon's port and keep the Burma road from being cut, face decisive days realistically without rash predictions but with full knowledge of their responsibilities.

As had as Singapore's fall may seem—and its loss cannot be dismissed lightly—there may be some comfort in the fact that the Japs have now done what the Nazis did in occupying the Balkan countries all the way to Crete.

The Japanese, too, are running their lines very far and thinner and thinner. In either Burma or the Netherlands Indies their communications would be taxed to a tremendous degree, and even what they already occupy may bleed them dangerously in the long run.

It is already apparent that the war in the far east, like that in Europe and Africa, must be long.

Nevertheless, allied strength in the air, and on land and sea alike is certain to grow steadily month by month.

Thus both geographically and as regards respective war strength, the Japanese seem to be coming close to the end of their field of capacity for offensive progress. Just where that line will finally be drawn will shortly be decided in all probability both in the Dutch islands and in Burma.

The problem of maintaining allied communications in the Indian ocean following the fall of Singapore is now acute.

It must now be assumed that Japan will be able to employ both surface raiders and submarines over broad stretches of this vital body of water, and that she will be able to do so from bases even more convenient than those she now holds.

This will threaten not only communications with India, Australia and China but also those between the middle east war theatre and sources of supplies in the United States and Britain.

The problem is how to reduce these raiding operations to a minimum until that happy day when restored, reinforced American and British seapower will make it possible for the allies to assume the offensive.

Lines of communication which must be protected with the limited means now at the allies command are astronomical in length.

British and American supplies in the near east must traverse 3,500 miles of Indian ocean between the Cape of Good Hope and the Red sea, a supplier to China coming from the west across 6,400 miles of Indian ocean; and those from the southeast, 3,500 miles.

Supplies bound for West Australia from the United Kingdom must be sailed nearly 5,000 miles across the Indian ocean.

At the annual school meeting held here recently, Mr. Robt. Armstrong, was elected trustee, replacing Mr. Joe Nicholson, who resigned after having served a number of years.

Mr. Nicholson had also been Sec. of the Board. Mr. W. Rathwell and Mr. J. T. Veitch are the other two trustees. Mrs. Robt. Armstrong was chosen by the Board to act as Secretary.

Members of the Victory Club turned out in force at the skating rink last Wednesday night. Snow lay heavily on the ice but with the co-operation of a road dray, a long rope and a heavy pull by all there, the snow was soon cleared away and a good time had by all.

Don't forget the regular meeting of the Club at the school tonight, when besides other business final arrangements will be made for a card party and dance to be held on Feb. 27th.

Saturday was nomination day for councillors for the new large Municipal District. Twenty-six names were handed in to the Returning Officer at Wainwright. There will be much speculation this week as to the outcome of the election which takes place Saturday. We certainly hope that Edgerton will be the office centre of the new council.

There was a good attendance at the Massey Harris free picture show at the Hall last Thursday. This was an educative show and the school children were given the time off to attend it.

### Warning

At midnight February 18th, some irresponsible person broke the glass and set the fire alarm ringing, as a result more than a dozen residents turned out in sub-zero weather and got the engine out ready only to find that this was a joke. The Council installed the necessary fire fighting appliances for safety, not as a playing for people to fool with. It is to be hoped there will not be a repetition of this foolishness as some day the alarm may be sounded when help is really needed, and then that help may not be forthcoming. The council will not fail to deal properly with any person, who may be responsible for an offense of this kind, when found out.

There being no picture show last Friday there were no Victory Wheel sheets drawn on, but there will be three draws next Friday. If not in this—Get in now.

Mr. and Mrs. Bob MacKay are the proud parents of a baby girl born at Provost February 17th.

The men's Bonspiel came to a successful conclusion last Thursday after three days of good sport and good weather. Visiting rinks came from Chauvin, Prosperity and Paradise Valley. A luncheon was served at the Laurie Hotel on Thursday when upwards of 60 attended. Several non playing visitors were very welcome. The results of the events were as follows:— Grand Challenge Chauvin L. Miller (skip), S. Montjoy, M. Car-gill, Dick Newstead, Red and White Edgerton H. Spornitz (skip), J. Strayner, M. Kimball, W. E. Sieber. Grand Challenge (left): G. C. Welsh (skip) P. Spornitz, Phil Pawsey, Clifford Kimball. Red and White (left) Ken Miller (skip) C. Cranston, Reg. Harris, E. Pitman. The seven visiting rinks were all able to use cars which made it very much nicer.

The Bank staff used the train last Tuesday to Chauvin for the first time this winter which is proof of the good condition of the roads so far.

# STOP THIS MENACE

This is the *least* we can do—to lend our money for our country's defence. Buy a share in victory today—buy Victory Bonds.

It's sure a splendid thermometer which Loran Baxter made and affixed to the Board of Trade signboard on Main Street. It shows the total of Victory Loan Bond each day and it's raising slowly—oh! so slowly—towards the quota which has been set for this unit. LET US ALL GET BEHIND THE MOVEMENT AND BUY VICTORY BONDS TODAY! Make the thermo, boil over the top; just like the boys over there are doing.
